

RUST-MASTER

Established 1969

INSTRUCTIONS:

The proper dosage (solution strength) of **RC-100 RUST PREVENTER** depends on the iron, hardness content and sprinkler pump size of the **RUST-MASTER** unit (usually a 15-, 35-, or 55-gallon tank) you can test your water frequently for iron and hardness and adjust accordingly.

Testers and more information are available at www.rust-master.com

CAUTION:

Precautions for safe handling:

Avoid contact with skin and eyes. Ensure adequate ventilation. Wash hands thoroughly after handling. Do not eat, drink, or smoke when using this product. Keep containers closed when not in use to prevent potential contamination.

Store in a cool, dry place. Keep containers tightly closed.
